

Word From Our Founder- Pastor Dave Fulton:

Partners for Wichita is in its tenth year of service to the Wichita community. PFW brings congregations together for good, from feeding hungry children to preventing substance abuse, Partners listens and responds to the needs of our community. Congregations working together, its good for the congregations, good for those in need, good for Wichita.

Why did you want to create Partners For Wichita? Pastor Sally and I did a needs assessment for our community. We found that the need was to connect congregations with one another and with faith based non-profits. We also found that there was a need to connect congregations with faith-based non-profits and finally we found that there was a need for an on going needs assessment in the community. It was this on-going assessment that led us to the "Filling the Gap" program.

What is your best advice for moving pfw forward? The need for PFW only increases with time. As we move forward we need to continue to discern the need, work together and celebrate the good we are doing.

If you could have a wish granted, what would it be? My wish would be that all congregations in Wichita will see Partners as their way of seeing the neighbor in need and working to fill those needs as in the parable of the Good Samaritan.

Closing statement... Partners for Wichita is a unique treasure in the Wichita community. All real change is local, PFW is from and for Wichita and beyond. Join us for good!

When it's all said and done... what do you most want us to never forget? Never forget, we are the community, we are neighbors, we are all called to do justice, love kindness and walk humbly with our God, here in Wichita and now, the need is urgent, in the words of Todd Beamer on 9-11, "Let's roll!"
